Grenache, Syrah, MERLOT

ROSÉ 2019

We have selected these ripe & fruity Grenache noir grapes as these fine & silky Syrah grapes on clay & limestone soils from the right bank of the Rhône river and the Provence / Languedoc-Roussillon regions. They deliver delightful aromas and freshness.

As for the Merlot grapes, they get their elegant & fruity style from rolled pebble as well as limestone soils in the Languedoc region hills.

— 2019 VINTAGE —

The weather conditions during the growing season were difficult and extreme with cool and wet spring followed by a particularly warm summer with important heat waves. However, 2019 is announced as a vintage with an excellent level of quality, great balance, dense colors and substance.

The grapes chosen come from zones where the juice to skin ratio is high, with thin skins and therefore less color. The harvest took place very early in the morning to preserve freshness and aromas of the grapes.

— GRAPE VARIETIES —

- Grenache noir (50%)
- Syrah (35%)
- Merlot (15%)

— WINEMAKING —

Direct-press process to limit colour migration and favor a delicate rose-petal pink. Very low temperature ferments (54° to 57°F) and early bottling to capture aromatics and freshness.

— TASTING NOTES —

Delicate light pink color. Fresh red currant and cherry aromas along with a lively, juicy flavor of exotic fruit and a refreshing finish.

Extremely versatile wine that is the «popular guest» of the wine world ! Enjoy it on its own or with a wide variety of preparations such as salads, seafood, grilled vegetables, roast chicken and spicy pasta dishes, and even meat-based recipes.
